

## Anatomy 1

### Assessment Tasks

This course is assessed via 4 practical assessment tasks within class time.

Each **Applied Anatomy** assessment will be done in pairs (to be nominated prior to assessment by your assessor).

Your lecturer will assess your knowledge against the attached 4 marking schedules.

This is a closed book assessment.

You are required to bring the following for draping during assessment:

1 sheet

2 towels

Task	Subject	Assessment Date
1	Back – Head - Neck	Friday 4 April 2008
2	Shoulder – Upper Arm	Friday 18 April 2008
3	Legs - Gluts	Friday 9 May 2008
4	Lower Arm – Hands - Feet	Friday 30 May 2008

You will be given written feedback on completion of each of the practical assignments.

Completion of this assessment indicates competence in Applied Anatomy 1.

If you are unsuccessful, the resit policy will be applied.
